

# Professional Window Tinting

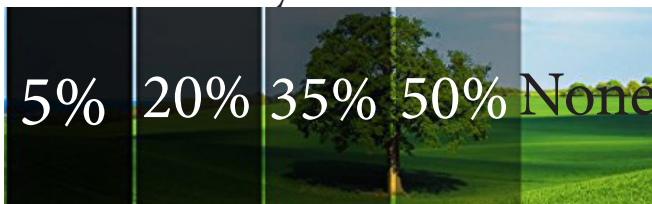

Parr Public Safety Equipment is now offering high quality, computer cut window tinting professionally installed at our Columbus location.

Our state-of-the-art computer cut system digitally creates and cuts window tint patterns to your vehicles exact specifications, ensuring the most accurate fit for each window. A wide range of today's vehicles have existing templates, saving valuable time during the installation process.

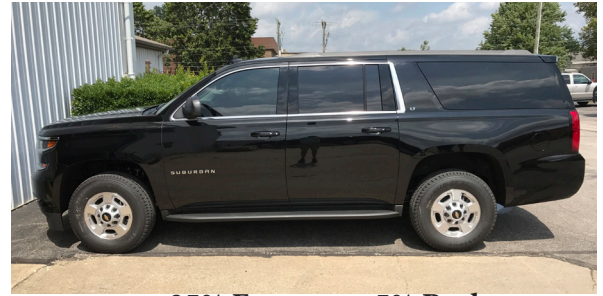

We install only high quality, scratch resistant window tinting film which resists fading and includes a Lifetime warranty!

We offer a variety of tint options to meet your needs!

## Benefits of Window Tint:

- Keeps your interior cooler- You can reduce heat inside your car by up to 60%
- Protects your skin and eyes- Window tint reduces harmful UV rays by up to 99% protecting vehicle occupants
- Privacy and safety- Increases officer safety by reducing outside visibility as well as protecting prisoner identification
- K-9 Comfort- Don't forget helping to protect the comfort of trusted K-9 partners
- Helps prevent windows from shattering and causing injury should an accident occur
- Helps protect equipment inside vehicles by keeping it cooler

## Window Tinting and Ohio Law:

Window tint darkness is measured by the Visible Light Transmission percentage (VLT%). Ohio Administrative Code 4501-41-03 states on Ohio registered vehicles that window tint must allow 50% light transmittance on the driver and passenger windows and 70% transmittance on the windshield.
